2. The Recruitment, Selection and Induction Process.
3. Job Description.
4. Person Specification, outlining criteria for selection.
5. Belong Values in Action.
6. Application Form.
7. Equal Opportunities Monitoring Form.

1. About the role

Belongs vision seeks to meet the needs and aspirations of our customers by supporting older people to live their lives through the creation of unique village communities. It sets out to deliver this through the development and delivery of bespoke packages of care and support, wherever the older person chooses to live, whether this is in their existing home within the community that Belong serves or within one of our village schemes. A Belong customer therefore may be someone we support 'at home,' in one of the village apartments, or in one of the village's specialist care households.

To ensure that we deliver on our vision, Belong has adopted a multi-skilled and team focused staffing model that relies on individual and teams being flexible and responsive to the changing needs of our customers. This can only be truly achieved when demarcation of staff roles is at a minimum. The building of relationships both with the older person and their family is of great importance in being able to provide appropriate care and support and this is promoted, through the role of Support Worker as a Belong Life Style Companion. The multi-skilling of staff ensures that disruptions to our customer's lives are kept to a minimum, with familiar staff tending to all the persons needs, wherever they live. This approach will help to reduce the need for many people to provide different aspects of care and support which can lead to increased stress, anxiety and confusion, particularly, for a person who has a dementia. Therefore selecting people who are both willing and able to support our customers throughout their life journey with us is advantageous.

There will be no such thing as a typical day, senior support workers need to be multi-skilled and able to multi-task in order to juggle the needs and wants of our customers and provide coaching and support to team members to enable them to do the same! The work will involve providing intimate personal care such as bathing, toileting and dressing and domestic support for example, assisting a person to undertake tasks like, shopping, cooking and cleaning (much like you would do in your own home!), to accompanying on a trip to the theatre, a special place of interest, or to a football match! In doing so, support workers will need to feel confident and capable of supporting our customers to do what ever they want and need to do, in a way that promotes their abilities and ensures their dignity and respect is maintained. This requires that senior support workers can model the attitude and behaviours that ensures our customers feel safe, secure and reassured by the support that they receive. Senior support workers will ensure that the care and support required is delivered in a manner and style that complies with organisational and legislative standards and they will do this by continually interpreting, describing and modelling the actions and behaviours that underpin our values and approach to supporting our customers to other members of the team.

This is truly a wonderful opportunity to be part of a unique, innovative service to the community, and potentially offers a rewarding career for anyone who is a caring person. So, if you have a passion to care and serve older people, are flexible in your approach to work and kindness and common sense are your greatest qualities we'd love for you to apply! In return for your commitment to providing the best service to our customers, Belong will ensure that you receive the support; opportunities, training and responsibility that you need to deliver on your objectives and enjoy what is a satisfying, creative and rewarding role.

2. The Recruitment, Selection, Induction and Probation Process

Recruitment Session

Belong seeks to attract people who value older people and can demonstrate this through their attitude and behaviours. A core value of Belong, is that we ‘‘take the lead from our customer’. Job descriptions and person specifications have been drawn up in consultation with our customers, and our selection process designed to ensure that older people and those that represent their interests, as relatives, friends and professional carers are fully involved in the selection of new team members.

All short-listed candidates will therefore need to be prepared to attend for a full day at one of our Belong Village schemes. The selection day provides candidates with the opportunity to view our facilities and meet with residents, relatives, other caring members of the Belong Community. Candidates invited to attend for the day, will receive a presentation on the purpose and values which underpin the design and operation of this awarding winning development for older people. The day also enables members of the selection panel to gain insight into each candidate as ‘a person’ and provides the opportunity for candidates to find out more about Belong and to come to a decision on whether this is the role they have been looking for!

The success of all applications will be determined by the feedback we receive from the members of the selection panel, so prior to the selection day, candidates are advised to have given some thought as to what they feel they can bring to the role of Support Worker and how they feel they can personally contribute to supporting the Belong team to deliver on the Belong Vision, Strategy and Underpinning Values.

Employment Checks

On the selection panel’s decision to offer a candidate employment with Belong, this will be subject to candidates satisfying the necessary employment checks. Successful candidates will therefore be required to come into their Belong Village within a week of being notified of their conditional offer of employment, and to bring with them the necessary information that is required for us to obtain a satisfactory Enhanced Criminal Records Bureau Check, References and Medical Clearance.

Induction and Probation

Confirmation of employment for all new members of the Belong Team is subject to satisfactory completion of a probationary period. Newly appointed team members are therefore required to attend in full, and satisfy the performance standards required of them during their induction programme. The induction and probationary period should be seen by new team members as an opportunity to demonstrate their potential for fulfilling their role.
