Special Treatment A - Mask & Mitts

A mask packed full of moisture and nutrients to help dry cracked hands... the mitts cause the mask to sink deep into the skin giving maximum moisture. An indulgent hand mask which deeply nourishes dry, dehydrated hands. Hands are left wonderfully soft and smooth. The cotton gloves help to maximize the moisturizing benefits of this.

Special Treatment B - Warm Oil

Finger tips are left to soak in warm almond oil. The benefit of using warm oil enhances both overall nail health and the finished appearance of the manicure when applied correctly.

Special Treatment C - Paraffin Wax

The warm paraffin is one of the most effective ways of applying heat to reduce the swelling in muscles, decrease inflammation of joints and connective tissues, soothe the pain from arthritis and improve circulation. It gives amazing softness and moisture to the skin.

Special Treatment D - Exfoliation

- It's ability to improve texture of dull skin, making it more soft and smooth.
- Reduces the appearance of fine lines and wrinkles.
- Gently scrubs away the dead skin cells your hands have shed and unclogs pores.
- Includes oils which moisturise and nourish dry skin.
